INTERNATIONAL HACKATHON PRESENTATION

AidPulse AI — Smart Disaster Response System

Real-Time Location-Aware Evacuation Navigation, Hospital ER Bed Tracking & Gemini AI 7-Day Risk Prediction

Global Real Road Navigation

OSRM 100% street-snapped routing replacing straight lines with turn-by-turn safe bypass guidance.

Gemini 1.5 Flash Risk AI

Satellite hazard forecasting computing precise 7-day disaster risk scores (LOW, MODERATE, HIGH, CRITICAL).

Live ER/ICU Bed Tracker

OpenStreetMap live hospital node sync, oxygen hours, blood bank units, and 112 direct triage calling.
